

ACCOUNTING FOR FREELANCERS IN PORTUGAL

Nomad Plan

Portuguese accounting and tax for freelancers and self-employed professionals
— managed in English.

THE REALITY

Two authorities. A dozen deadlines.

As a freelancer or sole trader in Portugal, you report to two separate bodies — the Tax Authority (AT) and Social Security — each on its own schedule, in Portuguese. For foreign citizens, even getting a NISS has become harder.

YOUR YEAR

- 4 VAT filings
- 4 Social Security declarations
- 12 monthly contributions
- 1 annual IRS return (Modelo 3)
- 3 payments on account

HOW IT WORKS

Two steps.

1

STEP 01

Nomad Production

Analyze fiscal and accounting information in order to identify the income to be declared.

2

STEP 02

Nomad Tax

Fulfill tax obligations of self-employed and individual worker, taking into account the tax framework.

WHAT THE NOMAD PLAN COVERS

Your obligations, handled on time.

- Quarterly VAT (IVA) returns and payments
- Quarterly Social Security declarations
- Annual personal income tax return (IRS — Modelo 3)
- IRS payments on account
- The correct tax framework for your activity

IF YOU MISS ONE

A missed deadline is expensive.

Late filings bring fines and daily interest — and for Social Security, a slip becomes a serious offence after 30 days. Your tax-clearance certificate can be blocked, stalling financing and contracts.

WHEN IT MATTERS, WE LOOK AT YOUR CASE

Two decisions worth getting right.

Your tax regime

Simplified regime or organised accounting? The right choice depends on your activity and on a careful cost-benefit analysis.

NHR / IFICI

The IFICI regime (often called NHR 2.0) can reduce your tax, but it typically requires setting up a company — it is not available while you stay a sole trader. It must be applied for in your first year as a Portuguese tax resident. We assess whether it fits you (our partner lawyer handles the application; we handle the accounting).

Not sure which applies to you? Book a call — we'll look at your case.

PRICING

One monthly fee.

 **85****PER MONTH + VAT**

STANDARD NOMAD PLAN FEE

This is the standard Nomad Plan fee. The exact amount depends on your specific tax obligations.

It covers the recurring work on the previous pages: your quarterly VAT and Social Security filings, your annual IRS, your payments on account, and the quarterly read on your numbers.

Your annual IRS return (Modelo 3) is included in this monthly fee if you become a client by April of the previous year. If you join later, the IRS filing is billed separately.
